Why Choose Bellair?

We know you have a choice when it comes to your child's education. We want to convince you that Bellair is the best choice for all children in grades K-6.

Bellair is family friendly school. We believe that for children to be successful, school employees and parents, guardians, & extended family members must work together – we are partners.

*Veterans Celebration

Bellair brings the community together. Throughout every school year, we hold events that bring staff, students, and their parents together for pure fun and love of learning. These events are typically free of charge or cost a small fee to cover minimal costs. These events are not fundraisers designed to nickel and dime our families. We hold one major fundraiser each year to sustain our PTA.

Bellair provides an all-around education for every child.

- Every child is provided a rigorous curriculum based on the Arizona College and Career Ready Standards (AZCCRS), and delivered by expert, highly qualified, properly certified teachers.
- Every child has the opportunity to participate in art, music, and physical education.
- Students in grades 4-6 also have an opportunity to be a part of band and choir.

Bellair offers free after school clubs that include: fine arts, computer science/coding, physical activity, performing arts, homework help, and

Bellair provides resources and supports to students and their families. We are a Title I school. We use our resources to provide academic and behavioral supports through the use of additional expert staff, intervention programs, extended day, extended year, and jumpstart programs.

****

Bellair has an on-site, fee-based "Morning Enrichment Club" which allows parents to drop off students as early as 6:30 am. Our morning program is run by certified teachers. For students needing after school care, we partner with the Boys & Girls Club which is directly across the street from us. In fact, the Boys & Girls Club staff come on campus to walk the students across the street.
