April 3, 2023

Dear Stakeholders,

A committee is being formed to recommend a new curriculum for K-5 Mathematics for implementation during the 2024-2025 school year.

Committee members will be asked to examine and make recommendations for a new K-5 Math resource for adoption to support teachers and students in their ability to meet or exceed grade-level proficiency targets in mathematics, including conceptual understanding, application, and procedural fluency.

Deer Valley Unified School District will show preference for materials that strongly align with the 2016 Arizona Mathematics Standards. Our goal is to identify products that best support curricular needs in both digital platforms and in-person classrooms.

Membership will be extended to K-5th grade campus administrators, teachers, as well as DVEA and IS&T representatives. This committee will also need parents of K-5 children and community members who live within the DVUSD boundaries. Committee selection will emphasize representation from a variety of school configurations, regions, and grade levels.

The meetings dates/times/locations are as follows:

Mon-Thurs	June 5-8	4:00-7:00pm	DVUSD Purchasing
Mon-Wed	June 12-14	4:00-7:00pm	DVUSD Purchasing
Thurs	June 15	4:00-8:00pm	DVUSD District Office
Wed	Oct 4	4:30-6:30pm	Zoom

If the K-5 Math Adoption Committee may be something you are interested in participating in, please complete this application linked below by 3:00 pm on May 5, 2023.
