

## Home Game vs Diamond Canyon

The Sierra Verde softball team hosted Diamond Canyon on Thursday. The girls always like to start things off with one of their popular chants! The whole team comes together to help fire each other up!

Diamond Canyon is a strong team and had some great hits during the game, but our Vipers were able to make some great plays also.

- Natalie Gonzalez showed off her power by sending a line drive into left field for a double to help the Vipers get on the scoreboard. We need more of that this season!
- London Tulipane was amazing playing 3rd base! Nothing was getting by her! She also made a great catch in foul territory for a huge out!
- Sophie Moad is great at communicating on the field. She makes sure everyone knows how many outs and where the ball needs to go next. She also turned crucial a double play while playing Shortstop.

Overall, the the Vipers lost the game but gained valuable experience. The girls will get back at it next week when they take on Gavilan Peak on Tuesday.
