

My School MENUS

Powered by Health-e Pro

July 27, 2020

Dear School Administrative Staff,

Deer Valley Unified School District Food & Nutrition Department is pleased to introduce *My School Menus*TM, a mobile app and web-based system with interactive menus. *My School Menus*TM also allows easy access to complete nutrition information for school meals—anytime, anywhere. Printed menus will no longer be distributed. Please be sure your school website no longer directs parents to pdf menus via clicking on the chef hat, but rather to the interactive site.

Features of *My School Menus*TM + Mobile App

- Complete list of all food choice available to students
- Nutrient data for menu items
- Ability to Build-A-Meal and create customized meals
- Allergen identification by filtering menu items
- Dietary preference identification showing symbols identifying foods
- Pictures of menu items
- Ability to print menus directly from the site with preferences set
- Translation to 180 languages using Google Translate
- Ability to link directly to sites for prepayments, free/reduced applications, news and policies

Parents and staff may download *My School Menus*TM Mobile App in the iTunes Store or the Google Play store. The web version can be easily accessed by visiting the district website at www.dvUSD.org/nutrition and clicking on the green “Our Menu” button. For an instructional video on how to use all the exciting features, click on “Menus and Prices” to find the “Digital Menu Info” tab. The video is posted at the bottom of the page. Please let us know if you need any additional assistance on how to use this information to support your students’ specific nutrition needs.

Regards,

Nona Dasenbrock, RDN
Food & Nutrition Coordinator
