

Welcome to 2nd Grade

We are excited that you will be joining us next year! We look forward to working together with you to make 2nd grade a wonderful experience for your child.

Here are a few things that you can do with your child this summer to help make their transition into 2nd grade a smooth one.

- **Spend time each day reading with your child.** They need to continue to practice reading, but they also need to hear good reading so be sure to read to them.
- Talk about the books that you have read. Ask them about their favorite part, things that happened in the story that reminded them of something, or simply to tell about the characters and the setting.
- Have your child work on 1st grade math skills, especially their math facts. You can create flash cards for this, use a website that they have been using in their classroom, check out some great apps on your iPad, or create an account on Xtramath.org

We look forward to seeing you in August at the Ice Cream Social.

Mrs. Eddleman -- Room 405

Mrs. Bennett – Room 404

Mrs. Lingenfelter – Room 309
