## 2018-2019 Students Taking Responsibility In Developing Excellence (STRIDE) Classroom

Welcome to an exciting year in the Learning Center! We have a great environment to help your child achieve academic and social success. We look forward to working with you and your child to achieve his/her annual goals this school year. Thank you for entrusting us with your child. The learning center appreciates any donations of supplies such as tissues, disinfectant wipes, and hand sanitizer.

### What is the Learning Center?

The Learning Center is an area of Stetson Hills that is comprised of 3 academic centers. Within the Learning Center environment, students at Stetson Hills can receive extra help with assignments; take tests in a small group environment, and work with the Service Coordinators and para professionals to achieve annual goals that are part of their Individual Education Programs (IEPs). Children without IEPs are also welcome to take tests in the Learning Center. The Service Coordinators work with the general education teachers to ensure academic success for all students with IEPs. The Service Coordinators guide our para professionals that assist all students to achieve their IEP goals.

Your child is assigned one Service Coordinator. The model in the Learning Center is one where the Service Coordinators work together as a team to help all students achieve their academic and social annual goals. If you have questions, concerns, or just want to check in with your child's Service Coordinator, please contact her directly. If you are unclear about which Service Coordinator is assigned to your child, please feel free to contact any Service Coordinator and we will give you the name of the Service Coordinator assigned to your child.
