

Date:

Dear Parents/Guardian,

In accordance with the Arizona School Board Association and the DVUSD Governing Board Policy JLCD, concerning administration of medication at school, there is a requirement in order to give prescribed medications and dietary supplements in the school setting.

A written doctor's order will be required per Governing Board Policy JLCD "Medicines/Administering Medicines to Students".

"There shall be a written order from the physician stating the name of the medicine, the dosage, and the time it is to be given." The prescribing physician must renew this order each school year.

We have prepared a form for you to take to your physician to complete and return to the School Nurse. No prescription medication or dietary supplement will be given without the written orders from your prescribing physician or other qualified health care professional. This form can be obtained from your school nurse.

This requirement is in addition to the Parents Request for Giving Medication at School Form and will be enforced at the beginning of each school year. All other requirements remain in accordance with DVUSD School policy.

If you have any questions you may contact your school nurse.

Sincerely,

Health Center Nurse
Terramar School, Academy of the Arts
