Academy of Civic Engagement & Advanced Studies

Short-Answer Questions

1. The Academy of Civic Engagement & Advanced Studies program teaches across the history, language arts, and science departments. Why do you believe it is important to study across different disciplines?
2. Part of the Academy involves service learning in the community along with a senior internship. How do you believe participating in these programs will help you prepare for college and beyond?
3. Describe an event, trip, or hobby that you were passionate about and made you more interested in that subject (ex: trip to a science museum, talking to a war veteran, etc.).
