August 2021

Dear Stakeholders:

A committee is being formed to recommend new curriculum materials for 9-11 HS Math courses with the implementation occurring during the 2022-2023 school year.

Deer Valley Unified School District will show preference for materials that integrate the current Arizona Math Standards. Our intention is to identify a product that best supports these curricular needs in a digital platform.

The members of the committee should represent all stakeholders at the 9-11 grade levels. The goal of recommending new resources for adoption is to support teachers and students in their ability to meet or exceed grade level proficiency targets in all Arizona Math Standards.

Thank you,

Respectfully,

Courtney Reyes

7-12 Math Curriculum, Instruction and Assessment Specialist
