**Set up a passcode only if you are SURE you will remember it!

You might want to put a selfie as your lock screen.

That way if your iPad is lost and someone finds it, he or she will be able to tell whose it is.

iPad Email Setup:

- Open **Settings** app on iPad 
- Select < **Mail, Contacts & Calendars** < **Add Account** < **Google**
- Follow instructions. Be sure to **enter your SCHOOL email address (username@learner.dvUSD.org) and SCHOOL password (your school ID number)** even though you are making a google account.
- Turn off **Contacts** and tap **Save**.

DVUSD iPads no longer contain the App Store app. Only apps provided by the DVUSD App Catalog may be installed on school iPads.

Students new to the district will not be able to log into district technology until after one day of attendance.

Forgot a password?

- **Apple ID password:**
 - Go to iforgot.apple.com to change it.
- **gmail (learner.dvUSD) password:**
 - This is your school ID number
- **passcode** (what you use to open iPad):
 - Your iPad will have to be restored to its original settings.
 - Anything on it you have *not* saved (to iCloud, Google, app account, etc) will be lost. This is sad so try to keep saving all your hard work!
