

# Canyon Springs STEM Academy

## Developmental Preschool

Our developmental preschool engages children with special needs as well as their tuition-paid peers who are ready to begin their school career in developmentally appropriate hands-on learning centers.

Arizona Early Childhood Standards are taught in a theme-based setting by a highly qualified teacher to ensure kindergarten readiness. Daily activities include opportunities for using creative thinking, building literacy skills, developing fine and gross motor skills, and engaging in play with others.

The developmental preschool program is offered Monday-Thursday with morning and afternoon sessions available for children aged 3-5. Daily snacks are provided.

If you have concerns about your child's development and/or are interested in our program, please contact the Early Childhood Preschool office at 602-445-4991.

**FREE Full Day Kindergarten!**

Canyon Springs welcomes you and your child to Kindergarten! Our wish for you, as your kindergartner grows, is a future full of exciting learning experiences, and that this first school experience will be a time remembered with joy and a sense of accomplishment!
