

SCHOOL BREAKFAST AND LUNCH PROGRAM INFORMATION

Deer Valley Unified School District Food & Nutrition participates in the School Breakfast and the National School Lunch Programs. We are committed to offering nutritious and convenient meals at an affordable price. Our cafeterias offer a variety of entrée options daily, one of which is always vegetarian. School lunches offer five meal components daily (fruit, vegetable, grain, protein, and milk). Although students are encouraged to take all five, they need to choose at least three of the five components, one of which needs to be a fruit or vegetable.

SNACKS & INDIVIDUAL PORTIONS

Students may supplement their meal with additional portions or with snack items, all of which are sold individually at a la carte prices.

All snack and beverage items sold in the cafeteria are required to meet national Smart Snack Standards.

Parents may contact their student's cafeteria manager any time to place restrictions on a student's ability to purchase snacks.

Restrictions can be made in several different ways including: setting daily spending limits, allowing snacks on certain days only, or blocking all snack sales.

A la carte purchases are not permitted when a student's meal account has a negative balance.

MEAL APPLICATIONS

To receive meals for free, students must be certified for free or reduce-price meal benefits. If not, meal charges will be applied to lunch account. See reverse for payment, meal account and policy on unpaid meal charges.

Free and reduced-price meal applications are available at every school campus and on-line applications at www.EZMealApp.com or www.dvUSD.org/mealassistance.

On-line applications offer the quickest processing time.

POLICY ON UNPAID MEAL CHARGES

The Food & Nutrition Department understands that sometimes a student's lunch account will run low or even go into the negative. To ensure that all students are treated equally as well as to ensure that we are fiscally responsible with our limited resources, we want to make our meal charge policy known to all parents.

Grades Pre-K Thru 8

It is the policy of DVUSD to provide a complete meal to all students. In the event a student's account has no funds to pay for the meal the account will be charged, resulting in a negative balance. Parents/guardians shall be contacted for payment through phone calls, emails and written notification.

Grades 9 - 12

Should a student in grades 9 – 12 have insufficient funds to pay for a meal, up to one negative meal charge is allowed. Once a student has reached the limit of one meal charge, they will be provided with an alternative meal, for which the student's account will be charged.

Negative meal charges will not be allowed during the last ten days of the school year.

All Grade Levels

A la carte purchases are not permitted when the account has a negative balance.

When a negative account balance exceeds the dollar amount equivalent to ten lunches, the principal, counselor and/or designated staff member from the Food & Nutrition Department will contact the student's parent(s)/guardian(s) to determine an appropriate resolution.

The student's parent(s)/guardian(s) will be provided application materials for the free and reduced-price meal programs.

All students key in their ID number on a pin pad when they go through the breakfast and/or lunch line to make meal and a la carte purchases.
