➔ Students can only receive and send emails to addresses within DVUSD.
➔ Student email address = username@learner.dvusd.org
➔ Ex: jmsmi246@learner.dvusd.org
**Google Drive**

- Students have access to a Google Drive. This includes access to
  - Google Docs
  - Google Sheets
  - Google Forms
  - Google Slides
  - Many more
- All documents save automatically to their Google Drive.
- Often when teachers provide access to these documents for students to view or work on, they must be logged in to their school STUDENT account in order to access the document.

Parents can access the drive by logging in to their child’s account.

Student Login

- Student User name
- Student Password
PowerSchools

Parent Login (2 options)

1. Login under your child’s PowerSchool account to view grades. (This method is easier until we return to school)

2. In order to create a parent account, you will need an access code and password. You must contact your child’s school in order to get this information.

For the App, you will need the District Code = JZFD
There is an App for that

The following apps are available in your device’s app store. These are all free apps.
