

Unique programs for all grades...
Preschool-6 7&8 9-12
Gifted Services

Grades 3 - 6
**Program Model:
SAGE**

SAGE

**Students Achieving Through Gifted Education
Content Replacement**

Program Overview

SAGE is the name of DVUSD's content replacement program. This Language Arts and Math program is for gifted students who are identified in those areas. Though each school adapts this model to best meet the needs of its students and community, the SAGE program generally serves grades 3-6. All identified students meet daily in the SAGE classroom in lieu of the general education classroom to receive their instruction in English Language Arts and/or Math from the school's Gifted Specialist.

Program Benefits

Curriculum, materials, and content are accelerated and enriched at the appropriate challenge level for students. The pace of instruction is quick with discussions probing for breadth and depth as well as precision and clarity. Students are encouraged to problem solve, think critically and persevere to reach their potential for academic achievement. SAGE offers an environment of like minds for the duration of a full class period in either English Language Arts and/or Math. The SAGE learning environment provides opportunities to see and make connections from prior learning, across curricular areas, to present learning.
