

# Deer Valley Online Learning Program

## Entering Freshmen Summer School Pairing Options

- ❖ It is highly advisable to take two classes in the summer to complete **one full credit** which takes the place of a full year class
- ❖ Only taking one class in the summer gets you ahead, but there are limited semester electives to choose from to fill in the other half of the year
- ❖ Each DV Online class is one semester (.5 credits)
- ❖ Classes are \$175 per semester course

### Recommended pairing options to get ahead:

Contact your counselor for additional class pairing questions. Please visit the DV Online Learning Program website for more course options, all program dates, information, and to locate the registration link.
