Professional Skills

All CTE programs use Arizona Department of Education Professional Skills to guide students in their development for College and Career Readiness

Industry and businesses consistently ask for these skills

Our programs focus on skills such as:

- Attendance and Engagement
- Communication Skills
- Positive Attitude and Professionalism
- Work Effort

Career & Technical Student Organization (CTSO)

All students in a CTE program are members of the local chapter while in the program

Student & Alumni Testimonials

I had the opportunity to gain knowledge for my future profession that put me ahead of others. Since I had so much success in the class, I was given many opportunities to share my knowledge with other high school students. -Lexi Von Hatten, 2019 MRHS Graduate

I am a music education major in my 3rd year of college and know almost everything being taught since I took this class. It's also a great class to make friends in since you really get to know each other. -Jori Hemphill, 2018 MRHS Graduate
