

Panorama Student Wellness Survey Parent/Guardian Consent

During the school year, your student will be asked to take a Student Well-Being (Social Emotional Learning) survey sponsored by Panorama Education. The survey will be administered online through your child's school, and should take no more than 15-20 minutes to complete.

Why is Deer Valley administering a safety and wellness survey to students?

As a school district, we are committed to connecting with every student to ensure we are meeting their safety and social emotional needs. The Panorama survey will provide data that will guide campus and district plans to optimize student learning.

What questions will the survey ask?

The survey will ask students questions related to student's social-emotional development in specific areas *relevant to learning* including self-management, self-esteem, learning strategies, and emotional regulation. Students should be encouraged to answer with complete honesty. If a student is not comfortable answering a question in the survey, he/she can skip that question. The student's voice will give perspective on what actions need to be taken to ensure positive learning outcomes.

Example questions can be found at <https://www.dvUSD.org/panorama>.

How will Deer Valley use the information collected in the survey?

Deer Valley educators will use the information to guide conversations and plans to support the safety and well-being of our students.

Where can I find more information?

Deer Valley is partnering with a third party vendor to support us in administering these surveys. You may visit the Panorama website at <https://www.panoramaed.com/> for more information.

If you have any questions regarding your child's participation in the survey or your child's rights as a participant, please contact your school administrator.
