SPECIAL EDUCATION DAY SERVICE

Vista Peak is home to a diverse student population with academic, behavioral, and social/emotional needs. Students are enrolled in these services through an Individual Education Plan (IEP) team and district assignment. These services are not available through open enrollment. Vista Peak provides a low student to teacher ratio with an ever evolving environment to best meet the needs of the student population. It offers individual, specialized support and services as well as high-quality academics based on Arizona Career and College Readiness Standards and grade appropriate district approved curriculum.

Students will receive the specially designed instruction and services available in a small school environment, with strategies they will use to be successful in their neighborhood schools and communities.

In order to achieve this outcome, continual, on-site professional development and training will be provided for school and district staff to address student needs for a successful and smooth assimilation back to the neighborhood schools.

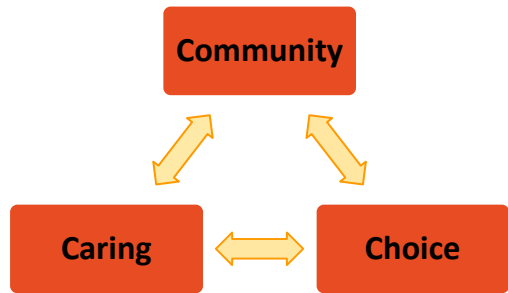

Individualized Support

SPECIAL SUPPORT

Providing the most effective education and best experience for its students takes a team approach. The team at Vista Peak includes a number of specialists:

- Teachers certified in emotional and behavior disorders, learning disabilities, and autism
- Licensed Social Worker
- Licensed Psychologist
- Occupational and Speech Therapists
- Transition Specialist and Career Technician
- Intervention Specialist
- Licensed Professional Counselor
- Behavior Analyst
- Autism Consultant
- Guidance Counselor
- Registered Nurse
- Behavior Technicians

Highly Qualified Specialists

ALTERNATIVE PROGRAM

Vista Peak Alternative Program encourages students to take responsibility for their own lives by making appropriate choices.

Our school places the focus on academics, delivered in a more personal environment, and allows the teacher to teach and the students to learn. Since every student's self-esteem is of great importance, teachers and students will treat each other with dignity.

It is our expectation that we will help to prepare today's youth for tomorrow's challenges.

ALTERNATIVE PROGRAM OF CHOICE

Blended learning is a formal education program in which a student learns at least in part through online delivery of content and instruction. The Vista Peak Alternative program provides students with some element of student control over time, place, path and/or pace, while still attending a teacher supervised location.

Face to face classroom methods are combined with computer-mediated activities to provide an integrated learning experience.

Please contact Vista Peak if you are interested in open-enrolling to our alternative program of choice!

Low Student/Teacher Ratio
