

Directions for Installing Scanbot App

Go to the App store on your phone and do a search for Scanbot. The icon should look like the following:

Click on install and then open the app.

The app will allow you to scan more than one page per file. Once you scan the first page a plus icon will appear on the lower right of the screen. If you click the icon, it will add another page to the file.

When you go to save the file it will ask you if you want a single file or multiple files, select single file.
