

GP 3rd Grade Mandarin Passion Project Guide

Dear lovely students,

Do you know that the best way to learn a language is to use it in our daily life? After discussing about daily schedules and happy weekends, now it's time to use what we've learned in class into reality use. Are you excited to introduce your happy weekend to our class? Mrs. Li prepared some guided questions for you. Can we say something else? Of course, you can say anything you want. It's your video! One thing always remember, if there is any question that you don't know, please don't hesitate to ask me. I'm always here for you 😊

We will choose 10 videos as video stars. Do you want to be the one? Now, it's your show time!!
