Date: 02/20/24 4-6 pm

ELA Adoption Committee Meeting Notes

Meeting Notes and Adoption Review: We recently held a meeting to review and score vendors' products for our class. The objective was to collaborate as a small group while examining what these vendors have to offer. Our approach was to break into smaller grade band groups to look at resources inside their breakout rooms. We checked out No Red Ink for a supplemental writing program first to form our questions and then proceeded to examine the other vendors' products.

Next Meeting: Our next meeting will be held on 2/26/24 on Zoom, from 4-6 pm. We will have Vendor Presentations in this meeting - a fantastic opportunity to see the resources that could potentially benefit our students.

A Few Reminders:

1. Review the rubrics and make sure you take notes for your references for recommendation purposes during March 4th's meeting.
2. Please use the codes provided in our meeting to look over the other vendors products before their presentations.
3. Be prepared for the next Zoom meeting on 2/26/24 from 4-6 PM.

As always, feel free to reach out if you have any questions or concerns. We're looking forward to another productive committee meeting!
